To Whom It May Concern:

I am writing this letter as a reference for SAN Business Consultants, a vendor that we chose to assist us with a specific CSI problem we were having. We have worked with them for approximately one year and have found them to be extremely hard working and professional. We needed assistance in one area and they were able to come in and fix our problem with little direction from us. Anything that was asked of them was done immediately. The original scope of the project grew but they never asked for additional funding and continued the work in the same professional manner as they always had provided us. We have now solved our problem and are very pleased and highly recommend their services. Please feel free to contact me should you have any further questions at 301-657-4000.
