Sharon,

I just wanted to take a moment to express our satisfaction with the results we are getting with your program. I am always a little apprehensive when we sign up with companies to obtain information from our customers. It's nice to be able to tell you that you have exceeded our expectations. The results have been excellent and it was an easy process to set up.

I also want you to know that Beth Herman makes it work very well. She developed an excellent script that allows her to come across as one of my employees when making the calls. I am also very impressed by the amount of work she is able to accomplish in the time she allocates to the calls. She is like a machine. The spreadsheet, comments, and appointment schedule she sends us makes it simple to work the appointments into our daily activities.

Once again, thanks for delivering what you promised.

Best regards, ,

Lewis Hixson
